

THE BOHMAN FAMILY

AFRICA FIELD DIRECTOR

March 2026

Dear Praying Friends,

Although Zambia and Zimbabwe are at the bottom of the list of countries alphabetically, they have been on the top of my mind recently! A new missionary couple, Seth and Melina Amedee have been praying for direction as to where to serve in the Southern Region of Africa, so we went together to see where the Lord would place them. We visited the city of Lusaka, Zambia, where BIMI missionaries Caleb and Abby Robinson are laboring. They have established a great church in that

capital city. Then, we traveled down to the city of Livingstone (named in honor of the famous missionary David Livingstone), where our missionaries Kyler and Emily Kerr have successfully launched a new church plant. We then flew to Harare, Zimbabwe, where veteran missionaries Jeff and Cindy Porter have recently moved. They had established several churches further south in the area around Chipinge and are now in the beginning stages of a new church plant in the capital city. Our missionaries are doing a fantastic job! Pray for this young couple (pictured above) as they seek the Lord's wisdom for their future ministry.

This trip also gave me the opportunity to visit several of our missionaries who are serving in this region. I was able to spend time with Jeff Demarest in his ministry in the city of Durban, South Africa. His printing ministry is exciting as he will eventually have the potential of printing quality

tracts and portions of Scripture for all of our missionaries in this region! There is a parcel of land that God is providing for his church that has been renting facilities for many years! Then I went over to Botswana to see the ministry of Mike and Cindy Haley. I preached in their church that meets in a rented school facility (pictured at left). I also stayed at their camp property and assisted with some construction projects that

were ongoing at that time. Souls are being reached, churches are being planted and God's hand is definitely at work in the Southern Region of Africa!

Until all nations hear,

Eric Bohman
