Assistance & Relief Missionary

DON & CAROLYN CARNEY

July 2026

Dear Friends,

After decades in Mexico on the mission field (and four years in the States), Carolyn and I sometimes look in the rearview mirror – wishing we would have done some things differently. One thing we would NOT do differently is leaving Pastor Oso in charge of Peninsula Baptist Church! He is such a faithful pastor! The church is filled on Sunday mornings, and they are working to reach the people in Kanasin – giving out literature and having services there. Our absence from Yucatan has certainly not deterred the advance of His church!

Sadly, Pastor Antonio is no longer able to serve as pastor in Tahdzibichen. His wife left him with three young girls to raise. He is working in the city, where the girls are attending school. Please pray for him. He is such a faithful, godly man. Pastor Oso and Hiram travel back and forth to the village to help with the services at Beautiful Baptist Church in Tahdzibichen.

But now we have some VERY GOOD news!!

After years of labor, an abundance of prayer, the helping hands of many teams from the U.S, and the labor of many workers in Tahdzibichen, the radio property given to us is now broadcasting Christian programs into the heart of the Mayan world! It is a wonderful thing to train national pastors and establish new churches in the villages of the Yucatan Peninsula! But glory to God that throughout the Mayan villages they can now continually hear of God's love and Jesus' sacrifice for our sin! Even where there is no church! What a glorious thing! Thanks be to God!!

What a great God we have! Thank you for sending us, for praying, and for giving faithfully. This is fruit that will abound to your account!

Thanks,
Don and Carolyn Carney
