Golden Opportunities, Feb/Mar '26 Update

“for a great door and effectual is opened...” 1 Cor 16:9a

“Golden Opportunity.” This is a common phrase that is used here in PNG when folks see a good opportunity to do something. Upon our return I have found that we are overflowing with opportunities here. There are so many that I am almost depressed that we cannot take better advantage of them! I’m praying that many pastors and church members will recognize these opportunities and help us!

Teaching opportunities: We have a growing Christian School. This year we are offering K4-8th grade. However, due to the lack of qualified teachers, we have been forced to use Abeka’s online streaming program for 2nd – 8th grade. We are praying to replace the online streaming with in-person teachers as soon as possible. Please help us pray about this need. If you know of anyone interested in this type of work, then please contact us as soon as possible.

Summer Youth Rally: We have been planning a Youth Rally for over a year now. We announced in several previous updates about this ‘Golden Opportunity.’ We have literally thousands of 15-30 year olds roaming the streets and suburbs with nothing to do during their 2 weeks school break from June 22nd – July 4th. We are inviting any interested folks to come and help us to run this event. I will personally be returning to the USA in June to pack

my container and I will be able to escort the team back to PNG for our youth Rally which will be July 1st-5th. The trip will be approximately 10 days. If you are interested, please contact me as soon as possible. We must purchase the tickets soon for those interested in coming to help with this rally.

Vocational/ Trade school Training: This year I have officially separated the Bible Institute from the Vocational Training School. I am still requiring the Vocational Training Students to attend all the Bible Classes and other ministry activities. This provides a ‘Golden Opportunity’ for any Christian tradesman who would like to use their knowledge and skills to invest into the lives of our students here. We need qualified electricians, welders, plumbers, etc. to volunteer to come and help us for 1 to 2 weeks at a time. You will be able to do some hands-on work on our building projects while at the same time teaching our 25 male students those valuable trade skills.

As always, we are so grateful for your love, prayers and support! May the Lord use each of you in your Jerusalem as well as continue to bless you.
