

Dear Friends and Family,

We bring loving greetings to you from the wet and humid Yangon. The wet monsoon season has begun, and it will stay with us until the end of September.

Church Camp

The church camp during the Water Festival is one of the highlights of our church. We had about 120 in attendance. Praise the Lord for the 9 people who testified their newfound faith by obeying the Lord in water baptism. Our church members truly appreciated the camp for helping them grow in their walk with the Lord.

Two New Church Planters

Praise the Lord for enabling our church to send two new church planters during the month of June. Pastor Ko Ko Oo and his family are serving the Lord in Sanpya Kone. Pastor James Ko and his family are serving the Lord in Taike Kone. Most of the people in these towns are Buddhists. There are about 25 monasteries in the area. It is our prayer that souls would be saved and Bible-believing churches would be planted.

Summer English Course

We are so thankful to the five committed and humble servants of the Lord for teaching English for two months (May and June). Brother Daniel and his wife, April, taught it during the month of May, whereas Ms. Melinda Schepemaker and Pastor and Mrs. Laterza taught it during the month of June. The program has greatly benefited the students, preparing them well for the new academic year.

New School Year

Thank you so much for praying for the Bible school. Since our inception in 1995, this year marks a milestone in our enrollment with 112 on-campus students. In addition to these, we have 45 D.Min. students as well. Please pray for the Lord's protection as the conscription law is still in effect. We would also appreciate it if you kindly pray with us for a light truck for the various needs of the school. We do have a motorized rickshaw, but since March of 2026, we have been facing two main issues: (1) We are no longer allowed to buy gas at the gas stations, and most importantly (2) As of July 25, we are no longer allowed to use it. (We have no idea of the reasons behind these changes, though.)
