2. Baptisms on July 5th

3. Raul to get saved

4. Continued discipleship of new believers

5. VBS/Missions Conference July 17-22

GOAL: \$4,700

MEXICO

We wish you all a blessed summer and a great fourth of July! Happy Independence Day from all of us in Mexico! **We praise the Lord with you for our independence as a nation and even more so, our liberty in Jesus Christ.** The Lord truly is much better to us than we deserve as a country and individually. As always, we appreciate your time in reading this letter, praying for us, and your sacrificial giving.

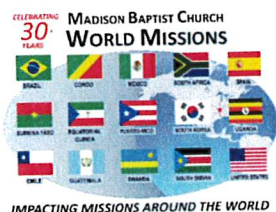

May was an outstanding month. We saw folks get saved, baptized and added to the church throughout the month. Our highlight was **Bro. Andres finishing his discipleship and getting baptized.** Many new converts struggle with getting baptized right away, and Bro. Andres finally understood it was the first step of obedience, albeit after being saved already for a couple months. Also in May, we celebrated Mothers Day with a nice dinner for the mothers and everyone from church. We had such a nice time in food and fellowship!

June is always an exciting month for us. We always end May and start June by celebrating Ashley's birthday! This year she turned 17! Two weeks later, we always celebrate Charley's birthday, and this year he turned 15! Thank you to all the churches and friends that sent cards, emails and texts for both of them! As a family, we always, each year, spoil them with extra outings, special family time and a couple gifts. This year, both of their birthdays were on the weekend, so we also had a special party for them with the church youth group.

Also on June 1st, while taking Ashley out for breakfast for her birthday, **we were in a hit and run accident.** The other driver broadsided us, fled the scene, but wasn't aware that the impact scraped off his license plate. To date, justice has not been met. Please pray our expenses will be reimbursed by the guilty party (\$600usd).

Also in June, Bro. Andres' wife Yuri finally got saved! She wanted to see if Andres was for real, she said. Thank the Lord for the power of the Gospel! We also celebrated Fathers Day and had food and fellowship for all the fathers and their families.

Construction Update: Please note the side bar with prayer requests! Pray and give as the Lord leads!
