PRAYER

Vital Meeting in April

Will you join us in prayer about an important upcoming meeting with a contact who is helping us secure the equipment needed for cataract surgeries? We are asking the Lord to give wisdom and clear direction in this conversation. This meeting could be a key step in how the Lord provides the remaining resources we need to be fully prepared for the work ahead in 2027.

PRAYER

Flight Costs

Please pray with us that we receive a refund for the flights we had already booked but had to change due to safety concerns. We are currently double-booked with two airlines because of this situation, and we are asking God to intervene so that we can be reimbursed and avoid unnecessary financial strain.

PRAYER

Souls in Honduras

We have a surgical team serving in Honduras this week, offering much-needed general surgical procedures at the Rearick, bringing care to patients whose long wait is finally coming to an end. We are deeply grateful for this opportunity to help restore health and bring relief to so many in need.

Please also keep the Honduran evangelism team in your prayers: Rolando, Dilma, Marlon, Bridgy, Daniel, and Karen, as they lovingly share the gospel with patients and their families. Pray that hearts would be open, that conversations would be filled with grace and hope, and that many would come to know the love of Christ in a personal way.

PRAYER

Office Staff Project

We're currently undergoing a major system overhaul that we believe our team members will love. However, setting it up involves a significant amount of work. Please pray for our staff, especially Team Support, as they work on this important project that will enhance our teams' ability to serve in the field.

Praise Report

There is so much to be grateful for.

We are praising God for the sacred privilege of being able to serve in Cuba, a place where opportunities are rare and the logistics are challenging. God has left us in awe of His power and provision. He makes a way when there doesn't seem to be one.

We have been planning, praying, and working for several years now to provide cataract surgeries, a truly life-changing procedure that would help so many patients we see in our optical clinics. The Lord has been working in the details, answering very specific requests, and we cannot wait to share more before long. Just know that He is moving!

The news of war over the weekend sent us back to the drawing board for one of our upcoming trips ticketed through the Middle East. We were able to book a different route, but at a much higher cost. A generous donor who found out was led to help with the price difference.

Our staff has been the grateful recipients of countless encouraging messages and prayers over the past few weeks, especially as we finalized details for several challenging trips. The Lord truly spoke to His people about praying for us, and we could feel it!

Praise the Lord with us for all He has done this past month!

EL PROGRESO, HONDURAS
