

The Beil Family

Centered On Remote Evangelism

Missionaries to **Latin America**

Dear Friends,

Thank you again for your faithful prayers and support. I am excited to share an important update from the ministry in Honduras. Recently, I had the privilege of being in Villanueva for the inaugural service of Iglesia Bautista La Cruz (Cross Baptist Church), where Pastor Elan will be serving. Around 60 people attended the service.

The service itself was pretty simple and informal, but it was a very special day for everyone involved. The Gospel was preached, and I had the opportunity to present Pastor Elan with a plaque recognizing the inauguration of the church and his work in reaching this point.

It is hard to believe that we began working toward this day about 18 months ago. During that time, many people have helped through praying, giving, traveling, and working on the building. We have watched it go from an idea to a completed church building. Even more encouraging is that several people have already trusted Christ through this new ministry and are now beginning discipleship. That is what this church plant is really about. The building was needed, but the goal has always been to reach people with the Gospel and establish a strong local church in Villanueva.

For the past 18 months, much of our attention has been on building the church physically. Now we are praying that God will continue to build it spiritually and numerically. We want to see these new believers grow in their faith, more people come to Christ, and Pastor Elan lead a faithful church that will reach this community for many years.

Please pray for Pastor Elan as he leads the church, for the new believers beginning discipleship, and for more people throughout Villanueva to be reached with the Gospel.

A PERSONAL PRAYER REQUEST:

We would also like to ask you to pray specifically for our daughter Taylor. She has been struggling with extreme eczema, and her doctor recently told us that hers is one of the worst cases he has seen in quite some time. We are currently working through her treatment options and praying for wisdom as we decide how to move forward.

Following the pattern found in James 5, the leaders of our church recently gathered around Taylor, anointed her with oil, and prayed for her healing. We are asking all of you who faithfully support our family and ministry to join us in praying for her as well.

Please pray that God would bring healing and relief to Taylor, give wisdom to her doctors and to us as her parents, and give her strength and encouragement as she goes through treatment. We sincerely believe in the power of prayer and would be very grateful if you would lift her up before the Lord..

Thank you to everyone who helped make this day possible. We are grateful for your continued partnership in the ministry.
