Frequently Asked Questions

How many students will be in my child's class? Most K-8 classes range from 4 - 7 students, depending on the size of the classroom. Some larger rooms can accommodate 8. High school classes range from 8 - 10 (or less) students per class.

Why do class sizes need to be small? Are the rooms small? The rooms are the same size as a traditional classroom. We keep class sizes small so that each student is provided adequate individual attention.

Do your teachers follow specific standards? We use TN State Standards and other National Standards as a guide to curriculum planning. Since we focus on students' individual needs and abilities, we do not use just one list of standards.

Are you a Christian-based program? Yes. We offer many of the Christian-based resources listed here Aaron Academy Curriculum Information on Aaron Academy's website. We also provide a "Bible" class for students each day, which is a Christian devotional time.

Do your teachers need to be certified or licensed by the State of TN? No, our teachers do not need certification. We are dedicated to having teachers who are specialized in their area and either have several years of experience in their field, or have specialized degrees in their age-group or subject.

How much is tuition? Yearly tuition is $6500.00 for one student. This amount is discounted with additional siblings. It can be paid annually (5% discount), semi-annually (5% discount), or monthly (10 months).

Which umbrella school do you use? We use and are most familiar with Aaron Academy, which is based in Gallatin, Tennessee, but will accept other umbrella schools. For more information about Aaron Academy please visit their website at https://www.aaronacademy.com/.

Do I need to submit my child's grades or records? No. That is a service we provide for you. Once you are registered with the umbrella school and our program, we can do the rest.

Do I have a say in what my child is taught? Yes. We provide a full curriculum, but if you prefer a specific program, we can usually accommodate it.

When do I register? You may register at any time as long as we have classroom space. If our spaces fill, we will have a waiting list.
