God is fighting for us

Week 13

Day 4 — Step Into the Water
Joshua 3:7–17

Devotional
The Jordan River was overflowing, yet God told the priests to step into it carrying the Ark of the Covenant.
Notice the order: They stepped in → then the waters stopped. Sometimes we're waiting for God to make everything clear before we move.
But faith often means: I'll take the step because I trust the One who told me to move."
God didn't promise them a dry river before they obeyed. He asked them to step in.

Discussion Questions

- Where might God be asking you to take a step of faith?
- Are you waiting for certainty before obedience?

PRAYER
God, give me faith to take the next step.
Help me trust You when I can't see the whole path.
Make me obedient even when I'm uncomfortable.
