
Nominations and Elections Timeline

The Nominating Committee shall submit a nomination report for church election of members to fill lay position vacancies. Deacon positions will be nominated by the Deacon Nominating Committee in accordance with that separate policy.

Nominations shall be made prior to the beginning term of office at a-regularly scheduled Church Conference. Elected volunteers will assume their respective positions at the beginning of the church year following church approval.

In the event the election of nominees fails to occur in accordance with this timeline policy, for whatever reason, nominees shall assume office and the Church Moderator shall call for their election at a future business conference.

Volunteers filling during-year vacancies will be nominated at a regularly scheduled Church Conference as soon as practical following the known vacancy. Elected persons will assume their position immediately upon election and complete the term to which they were elected.
