

2026 - 2027 Important Info

Please hang this page on your refrigerator or put it in an easily accessible location.

Below you will find a list of tuition due dates and a QR code that takes you to a list of important links. We will do a post on Class Dojo each month with due date reminders, but for your convenience we are providing you with a list of the due dates for each month.

Please note: Tuition is the same amount each month with the exception of May, which is ½ the normal tuition amount. If your students account has an outstanding balance on the 15th of the month, your student will not be able to attend until it is paid in full.
