

Church Family,

Our Deacons would like to share their contact information so that you can reach out to them whenever needed. We recognize that David's passing has left a tremendous void in our church family. During the time David was with us, he faithfully sent daily text messages letting us know who he had spoken with, visited, or ministered to so that we could pray for them.

In continuing that spirit of care and ministry, we maintain a running list of church members and friends for whom we pray. We also make visits, send cards, and look for opportunities to encourage and support you, our church family. Please do not hesitate to contact us if you have a prayer request, need a visit, or simply would like someone to talk with. We are here to serve and support you.

We would also like to recognize Steve Davis, who has stepped up in countless ways to help our church during this difficult season of transition. His willingness to serve wherever needed has been a tremendous blessing to our church family. Steve is also available to assist, listen, pray, or help connect you with the support you may need.

Love in Christ,
