PROBABLE SITE OF "RACCOON" JOHN SMITH'S BIRTHPLACE

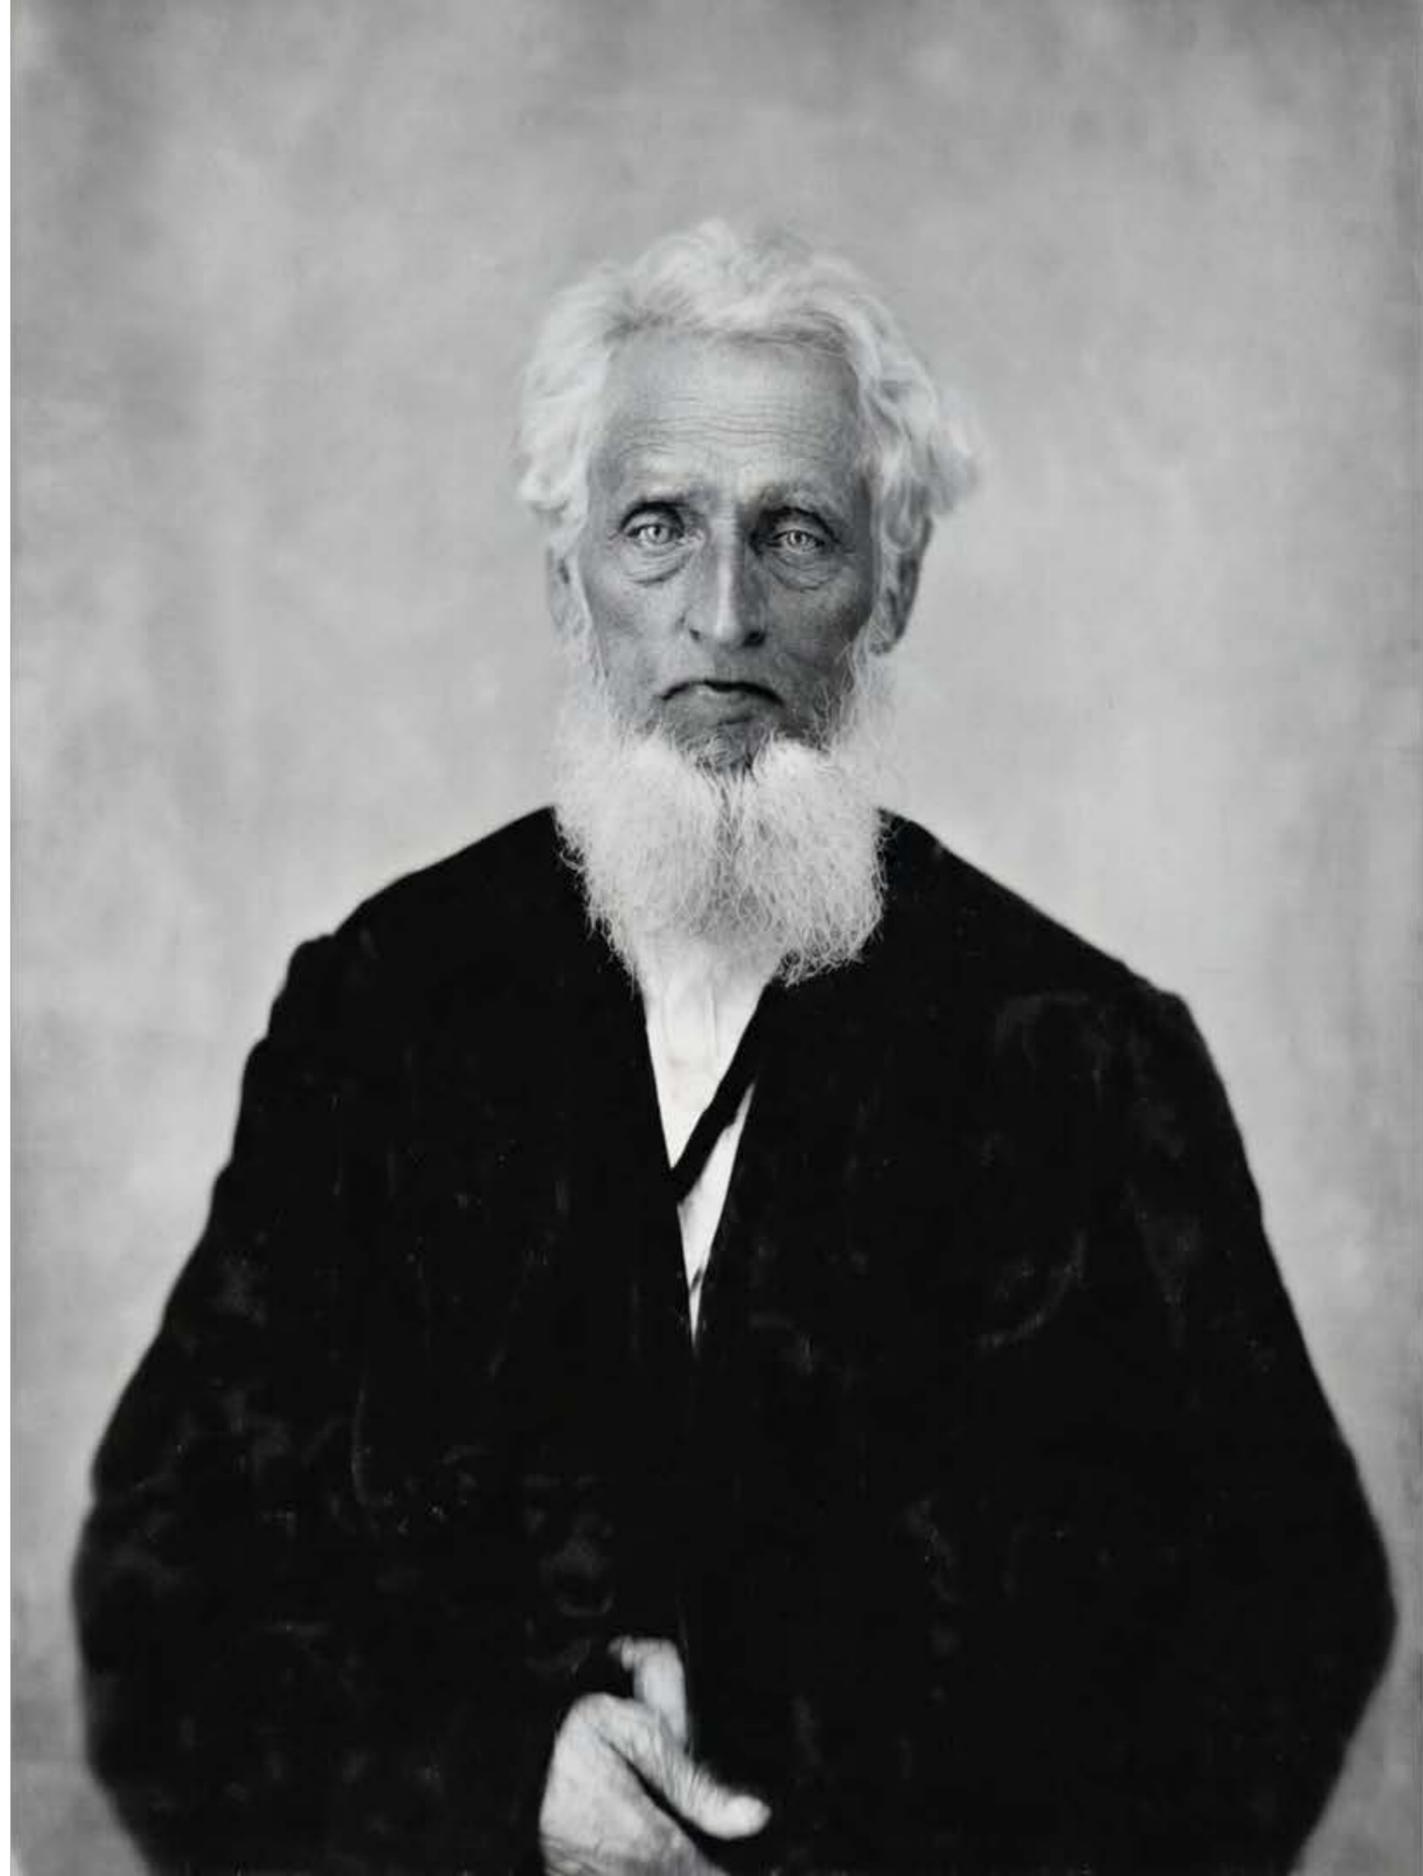

View of Holston Valley in Tennessee looking south from site of a double log cabin

This cabin site is some three hundred yards east of old Holston Church, and a considerable hill extends from here to springs on north bank. But the author suggests possibility that the "long grassy slope" on the other side and the site of a cabin in front of some pine trees there may be the birthplace. The schoolhouse site is beyond these hills on the south side
