Lesson 8: Who is Jesus? The Living Water (Part 2)

Text: John 4:27-42

Reading of the Text:

1. Encourage members to participate by reading a verse each.
2. After the passage has been read, members close their Bibles.
3. Now, the connect leader retells the story. **The goal is to get members to pay attention to see if the leader had missed or added anything.*
4. Now, members can open their Bibles, and verse by verse, state anything that the leader missed or added.
5. Now, members retell the story with their Bibles closed. **Connect leaders need to know the story by heart and make sure that no details from the story are missed.*

Revelation Questions:

1. How many characters can you identify in this passage?
2. Which character(s) stand out to you the most and why?
3. What are some things you can learn from the disciples?
4. What is one thing you can learn about Jesus in this story?

Reflection Questions:

Jesus says that his nourishment comes from doing the will of the Father. Sometimes we can be in a season of "lack" because we're outside the will of God. The will of God is not just about avoiding bad things. It is about actively walking where He guides you. Sometimes, we take steps without pausing to check with the Holy Spirit first. We can be busy and sincere but still be "misaligned".

1. What are some things you've done or are doing that you have not "checked in" with the Holy Spirit first?
2. **Application Question:** Where is a harvest that God is showing you that you can start to "gather?"
Encourage your members to share Jesus with someone or do good in someone's life.

Please ensure to pray with your members after this lesson.
