## GENERAL

**Carson Johnathan Van Gorp** was born on June 24. He is the first-born son to Mitchal & Megan Van Gorp. He weighed 8 lbs.,4 oz. and was 21 inches long. Makenna is excited to be a big sister.

**Ashley Sanders**, daughter in law of Doug & Mary DeWeerd, received 12 injections in her buttocks, back, and neck which has relieved some of the pain and she's grateful for that. The long-term plan would be an epidural and nerve block. She sent a message to the pain management team now that the MRI results are back to see if that changes anything. She will have 6 Physical Therapy sessions at OI before insurance will allow her to have the epidural and nerve block.

**Doreen Wagenaar** will start chemo plus a targeted med for her type of cancer the week of July 13 for 12 weeks. At the end of the 12 weeks, she will go every three weeks for a year for her targeted med only. This treatment is supposed to reduce chances of reoccurrence in the next 10 years significantly. She is thankful hers was caught early. Please pray for minimal side effects from the chemo and that the meds would do their job.
