FEBRUARY 2024

DuBois L&L  
2024 WORD  
OF THE YEAR:

Jubilee

A jubilee, according to Webster, is a season of celebration, a year of restoration, a time of rejoicing, and my favorite definition "jollification". As a family, we are prayerfully and joyfully looking forward to this new year to see what God has in-store for us.

## February is American Heart Month!

It's time for a heart check. How's your physical heart looking?  
Good and healthy? Great!

What about your **spiritual heart**? Full of God's love, joy, fruitful?  
Rather, is it dimmed by guilt, despair, perhaps tragedy?

The doctors will ask about your heart health and give you a pamphlet for your physical heart, while The Father will give you an **ENTIRE MANUAL** to help guide you to a brighter, hope-filled life.  
It's name: The Bible!

# MISSIONS

"We have exciting news! We are partnering on a new adventure in Albania. Algent and Erjona Bregu are initiating a new ministry in 2024.

The Korça Adventure Center is an exciting, new ministry outreach point in the southeastern Albanian city of Korça. It organizes local cycling, camping, hiking, fishing, and hunting activities and events for children, youth, and adults in town. The hope is that this leads to the formation of strong "affinity groups" that become interested in talking about the Gospel in a natural, organic way as relationships mature.

### HOURS OF OPERATION:

TUESDAY 10AM-7PM | THURSDAY 10AM-7PM | FRIDAY: 10AM-5PM

At the start of 2023, I made a New Year's Resolution for the first time in a long time - to intentionally spend time with God in daily devotions. Though this might be a regular practice for some, it wasn't for me. I had become very lukewarm in the past few years, and knew I needed a new start. I was craving more of Jesus.

Though not every day was perfect, I kept with my resolution! In March I attended the E5 Inner Healing Conference at our church, and in August I attended Angel's Art of Me class. Both of these experiences were absolutely transformative, showing me more and more the heart of God for me.

Though spiritually this year has been a year of tremendous growth, physically it has been a year of much testing. The migraines that have afflicted me for 23 years became worse, affecting me in new ways. Though I KNOW Jesus can heal them (He has supernaturally healed me before), and though I know He has spoken many times into healing the migraines, it wasn't happening. I spent time on my face more than ever this year, crying out in sheer desperation to God for a breakthrough.

In the waiting, I started to make some changes - digging deeper into root cause and trying to find other answers. Mid-September comes, and in complete migraine desperation I tried a new type of medication. This not only didn't help, but my symptoms became so strange that my neurologist thought I had a stroke. A stroke at age 29. Praise the Lord, I did not!

With this event, I've now exhausted almost all prescription options available. But my neurologist still wanted me to try more, combining this medication with that, injecting this, infusing that. And I said no.

I put my foot down, hard. I started cleaning up my diet, reading labels, gaining knowledge. I had enlisted the help of a Christian health coach earlier in the year, and she helped keep me accountable on this new leg of the journey. I started speaking more and more of Jesus' promises of healing over the migraines. I started telling the migraines NO. This was September 19th.

3 months later, the migraines have improved so much that I have only needed to take my migraine PRN 10 times. Normally in 3 months, I would have taken this AT LEAST 30 times. This is unprecedented. This is a miracle. Though I am still fully believing in that total supernatural healing, I am rejoicing in this miracle and the strength it has taken to stand my own ground, to seek my own answers, and to learn to listen to my body and my Jesus in a brand new way.

I pray that 2024 finds you craving more of Jesus, with an open heart and open hands. But get ready, because it probably won't look the way you think it will. Yet whatever path, whatever lot, with Jesus I promise you - it's worth it.
