

THE BETTER

Session 3: Better Means New

Key Scriptures:

Genesis 2:9, Isaiah 43:11, Revelation 22:21

Opening Remarks:

Through the entirety of Scripture, we see that God wants to give us a better life. What looked grim in Genesis because of sin became grace in Revelation because of Jesus. We simply have to put our trust in Jesus to experience the process of being made better by being made new.

Watch the Session 3 Video

Discussion Questions:

1. Why does becoming better require being made new instead of simply trying to improve ourselves?
2. What does it look like to put our trust in Jesus when part of our life still feels broken or unchanged?
3. How does the contrast between sin in Genesis and grace in Revelation change the way we should view our past and future?

Closing Remarks:

What God created at the beginning of your life is terrific, but what God has in the end is better! When we place our trust in Him, we have hope that the future will be better than the beginning. With God, better means new!
