MOSAIC November 2026

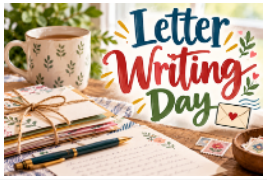

Life in Community Sermon Series: Dorothy Day said, “We have all known the long loneliness, and we have found that the answer is community.” Similarly, Bonhoeffer said, "The physical presence of other Christians is a source of incomparable joy and strength to the believer." It seems apparent that humans are designed to exist in community, not in isolation. One can easily argue that this is God’s heart for us. This fall at Mosaic, we will explore what it means to live in community together. What defines the Church, compared to the broader community (and why should we bother with either)? What is our relationship to each other and to the community at large? And, how are we (the church called Mosaic) uniquely called to live together? Join us as we consider all of this (and more) together!
