GENERATIONS OF GRACE

Year 3	Lesson 9 Craft Sheet	Jesus' Parables	Matthew 13:23

Parable Pinwheel

Directions: Have students cut the picture below from the craft sheet, cutting around the outside square only. Color the pictures of each of the four soil types and responses on the left side of each triangle that go along with the Scripture reference. Note: the right side of each triangle will be folded up to the center of the pinwheel. Once colored in, cut along the inner dotted lines to the endpoints. Model how to fold the corners one through four to the center point (in order), and attach to the pencil eraser with a thumbtack.

Materials: Craft sheet, pencils with erasers, thumbtacks, scissors, and crayons.

Cut on dotted lines
