# Jared Box Project

*Jared McMullen was diagnosed with an incurable brainstem tumor in 1999. He carried a backpack full of toys and games to all appointments and questioned why the other children didn't bring toys to their exam rooms. Jared shared his toys and invited the other children to join him in a game of UNO. At just 5 years old, he demonstrated faith, wisdom and compassion for others. With your help, the efforts of the Jared Box Project will continue to give ill children the gift of play, well wishes, hope and love.*

### Step 1 - Get a box

Get a shoebox-sized plastic storage box w/lid,

### Step 2 - Choose for a Boy or Girl

Decide if the box you are making is for a boy/girl and select an age group, place label on end of box.

### Step 3 - Fill your Box
