

Say Yes: Mission Global Engagement
Show Up With Purpose
Pastor James Heyward

Because Jesus came near to us, we show up with purpose for others.
Do not just drop a pin, show up with purpose.

Read Luke 10:1-9 (MSG)

Jesus sends people, not just information

Pray and go. Prayer is not a substitute for obedience.
And obedience is not a substitute for prayer.

1. **What should you do first before you go out to encounter people?**

2. **Do you lean more toward sharing information or sharing yourself with people?**

Purpose changes how you see ordinary places

Intensity has an immediate agenda. Attention has time and space to be available.

3. **Are you more agenda-minded or more being available-minded?**

4. **In what ordinary places and spaces can you make yourself available to people?**

Show up as a neighbor, not a hero

5. **What is one simple way you can show up for a neighbor, or a co-worker, especially during the busy holiday season?**

6. **If you lower your expectations for the holidays, can you be more available to people rather than to projects?**

Your Response: One person. One step. Seven days.

First: NAME - *Who is one person you can intentionally move toward this week?*
Second: PLACE - *Where could connection happen naturally and appropriately?*
Third: STEP - *What will you actually do within the next seven days?*

You have a name. You have a place. You have a step.
Do not just drop a pin. Show up with purpose.
