## SUMMER SERVANTS

Sam and Abbie Zander (above, right), along with their two girls, took leave at the beginning of June to start raising support as missionaries and to complete candidate school with Biblical Ministries Worldwide. But a radio station doesn't run itself! Greg and Shari Lewis (above, left) answered the call to manage Key while Sam was away. The station has been in faithful, experienced hands as the Lewises have vast accomplishments in helping out radio stations in Alaska. They also willingly came to serve with previous managers, Mike and Heather Zander, at Key in 2022. We were so blessed that they quickly said "Yes!" to God's using them this summer at the station. Are you, friend, swift to commit to any way that God might have you serve?

## PRINTER PROGRESS

Thank you for all of your generous donations towards our printer project! Currently, we have around 13% raised. A new laser printer would allow us to help churches print items for evangelism events and outreaches.

To give, donate online at [keyradio.org](https://keyradio.org) (note Acct 64400) or mail a check to 307 S 1600 W, Provo, UT 84601 with Acct 64400 in the memo.

## WISDOM FOR YOUR HEART

We have been blessed with a unique opportunity to rework some of our daily programming. One of our newly featured programs is "Wisdom for the Heart" with Stephen Davey. Pastor Davey is the President of Shepherds Theological Seminary in Cary, North Carolina. He provides quick-witted, insightful sermons that captivate both mind and heart with truths from God's Word in a way that is enjoyable, applicable, and without compromise: weekdays at 8:30 AM and 7:00 PM.

To learn about more new programs, and find old favorites, you can view or download the updated program schedule on our app or website, [keyradio.org](https://keyradio.org)

Funds raised: \$225

Printer goal: \$1,700

## AFTERNOON APOLOGETICS

Another addition to our lineup includes the return of Corry Pensabene with a new weekly program, "The TruthPoint Radio Show." Every Sunday afternoon, he spends a half-hour focusing on discovering truth, defending the faith, sharing the biblical gospel, and applying the Bible to social, cultural, and political issues. Listen at 5:00 PM this Sunday.

## GENEROSITY IN ACTION: RADIO HELPING RADIO

God has been faithful to provide a new FM transmitter for our Provo station through our caring friends at KHCB in Texas! Our old equipment was on its way out and, after numerous errors and glitches, we finally realized that maintaining quality air waves was not achievable. This could've been quite the expensive replacement; however, Sam made a quick call to the head engineer at KHCB and he had just the right part

that we needed for the job. Within a week, he had the transmitter shipped out to us free of charge. Thank you to our friends at KHCB for supporting us in this way!

## HIDING GOD'S WORD IN YOUR HEART

*by Sam Zander, General Manager*

I was looking through some old files and found something fantastic—an old *Project 52* Scripture Memory Guide! *Project 52* was a program published by Key a number of years ago that gave our listeners fifty-two memory verses, one for each week of the year. The purpose of this guide was to memorize the core doctrines of the Christian faith, giving Scripture in support of important topics such as Jesus' divinity, God's omnipotence, and the nature of man.

As I've looked at this guide, I've been reminded of Psalm 119:11, "I have hidden Your word in my heart, so that I might not sin against You." According to the psalmist, when we memorize God's Word, it keeps us from sin. It also helps us be ready and able to have conversations about the gospel and the truths from the Bible. I'm ready to work on *Project 52* this year. Are you?
