

FRIDAY WORDS

April 24, 2026

How many of you have ever gone on a treasure hunt? Or how many of you of you have ever lost something and you turned the house upside down in an attempt to find the lost item? Probably everyone!

The key to finding the lost item or the treasure in the hunt is the tenacity of the pursuit. If you just casually go about looking for treasure or that lost item, the reality is that you probably won't be very successful. You have to go after that pursuit with ALL you have!

In the book of Jeremiah, the prophet challenges the nation of Israel in their poor spiritual condition. He is warning them of judgment that is coming but offers a word of hope that when they seek after God with all their heart, He will be found.

How desperate are you for God? The answer to that question is found in how tenaciously you seek after Him in you daily life. If pursuing a treasure or a misplaced item prompts your all-out energy, why not your relationship with the God of the Universe!
