

Thank You Report: Water Tower Restoration Project

Dear Grace Gospel Church Family,

Greetings in the name of our Lord Jesus Christ.

MINAP (Misión Integral Nativa del Perú) is a ministry dedicated to reaching the least-reached peoples of the Peruvian Amazon with the Gospel of Jesus Christ. Today, 21 missionaries serve through MINAP in remote communities, sharing the Good News, making disciples, planting churches, and training leaders. It is estimated that 90–95% of the world's uncontacted peoples live within the Amazon region, making this one of the most strategic mission fields on earth. By God's grace, MINAP continues to bring the hope of Christ to communities that have little or no access to the Gospel.

We would like to express our sincere gratitude to **Grace Gospel Church for your generous support in helping rebuild the water tower at the MINAP base.** The previous structure had become very old and deteriorated over time, raising concerns that it could eventually collapse and disrupt the water supply serving our missionaries and ministry activities.

Thanks to your partnership, a new and secure water tower has been constructed and is now fully operational! This important improvement provides a reliable source of water for drinking, cooking, washing, bathing, and daily ministry operations at the base. It also serves visiting missionaries, ministry trainees, and guests who come to the centre throughout the year.

Your gift has provided more than a physical structure; it has strengthened the ministry infrastructure that supports Gospel work throughout the Amazon. Every missionary who is trained, every outreach that is conducted, and every community that is served benefits from this essential resource.

Thank you for standing with MINAP through your prayers, encouragement, and generous support. Your partnership is helping us continue reaching the least-reached peoples of the Amazon with the love and message of Jesus Christ.

May God richly bless Grace Gospel Church for your faithful investment in His Kingdom.

With gratitude,

Tito Pacho López
President, MINAP

On behalf of the MINAP Missionary Team
