sermon guide

MAIN IDEA: LET GOD WORK

KEY SCRIPTURES: PHILIPPIANS 2:12-16

- Each week begin with **FOCUS** - an intentional time to slow down, quiet the noise, and become attentive to God. Feel free to use this ***SONG LINK*** during this time.

Reflect: Be formed by God's Word.

1. What stood out to you during **FOCUS**, Sunday's sermon, or in God's Word this week?
2. What do you sense the Lord was showing you, reminding you, or inviting you into through Philippians 2:12-16?
3. In Exodus 16:2–3, the Israelites grumbled even after God rescued them. When have you struggled to trust God because your circumstances weren't what you hoped? How did your attitude affect the way you showed up?
4. Paul calls us to shine like stars in the world by living differently. How might habitual complaining, arguing, or negativity undermine the message we say we believe? When you consider your own relationships, what might your reactions communicate about your faith, and what could change in the way you respond so that others can see the difference God is making in you?
5. Showing up is the starting line, but engagement is where change happens. What might it look like for you to move beyond going through the motions of faith and actively engage with what God wants to do in your heart, your relationships, and your daily choices?

Respond: Put faith into practice.

- In light of what God is showing you, what specific step of faith is He inviting you to take this week?
- What situation regularly leads you to grumble, complain, or argue? When it happens this week, how will you respond differently in a way that reflects Jesus?
- What verse or truth from Philippians 2:12–16 will you return to this week to help you stay rooted in God's Word and respond differently? How will you make time for it?

- ***PRAYER:*** *Father, help us trust You, respond like Jesus, and shine Your light in all we do. Keep us rooted in Your Word as we put our faith into practice this week. In Jesus' name.*
