Thesis: God has richly blessed America! We are the world's greatest economic, political, and cultural power. We are being used by God to carry the Gospel to the world. We have seen more new enterprise and invention, have maintained a high standard of living, and greater freedom than any nation in history. The question is: Will America continue to enjoy these blessings?

I. Righteousness exalts a nation

- A. Righteousness means living in the right way
- B. Righteousness lifts up a person to honor
- C. History confirms the principle

II. Sin is a reproach to any people

- A. Sin is a disgrace to the people
- B. Obedience to God brings national prosperity

III. Our national trend

- A. Supreme Court rulings
- B. The United States is on a downward course

IV. Our Individual accountability

- A. Sin is a reproach to any person or any nation
- B. What you do or not do has a national impact

Life Application: 2 Chronicles 7:14 "and my people, who bear my name, humble themselves, pray and seek my face, and turn from their evil ways, then I will hear from heaven, forgive their sin, and heal their land." If we are to remain blessed we must be right before God, live right before men, and stand for what is right and not be silent even when it is not politically or culturally correct.
