Note

It is highly preferred to complete the "Minister's Monthly Report" by using the online form available on both the church app and the church website, but it's understood that some ministers may not prefer to use the online tools. The report can be found by selecting "Resources" from the homepage (www.zacog.org), then "Reporting" from the drop-down menu, and then "Minister's Monthly Report". The report can also be found on the church app (ZACOG). Please make a copy of this report for your records, send a copy to your overseer, and to headquarters.
