NBC Youth Code of Conduct

The goal of the youth ministry at Northlake Bible Church (NBC) is to help every student grow in the grace and knowledge of our Lord and Savior Jesus Christ and to glorify Him. With that in mind, this code of conduct helps to ensure that we maintain an environment within the youth ministry conducive to the goals of the ministry.

Given the impossibility of developing comprehensive rules for every decision a student must make, the words of our Lord in Matthew 22:37-40 should guide our behavior. In all aspects of your life strive to love and glorify God foremost of all, and in like manner love your neighbor.

With this principle in mind, below are guidelines for a few common areas in which questions arise:

Dress Code

Clothing cannot have words or images which are vulgar or inappropriate.

Shorts need to be at least finger-tip length when you put your arms to your sides.
Yoga pants cannot be worn during youth events unless appropriate shorts or an appropriate dress are worn over the yoga pants/leggings.

Dresses need to be at least finger-tip in length when you put your arms down to your sides, must have straps that are at least 2 fingers tips in width, and should not be low cut.

Shirts that are low-cut should not be worn. Shirts with straps must have straps that are at least 2 finger tips in width.

If there is a youth event that involves water games or swimming, ladies are asked to wear a modest one-piece bathing suit, or a 'tankini' as long as their midriff is not exposed when lifting their hands over their head. No Speedos for boys.

General Rules

When attending youth activities you agree to follow the directions and guidance given to you by the youth leaders.

Youth are expected not to use electronic devices as their Bible or for taking notes. Youth are expected to not play on their phone, electronic devices or share videos during youth events.

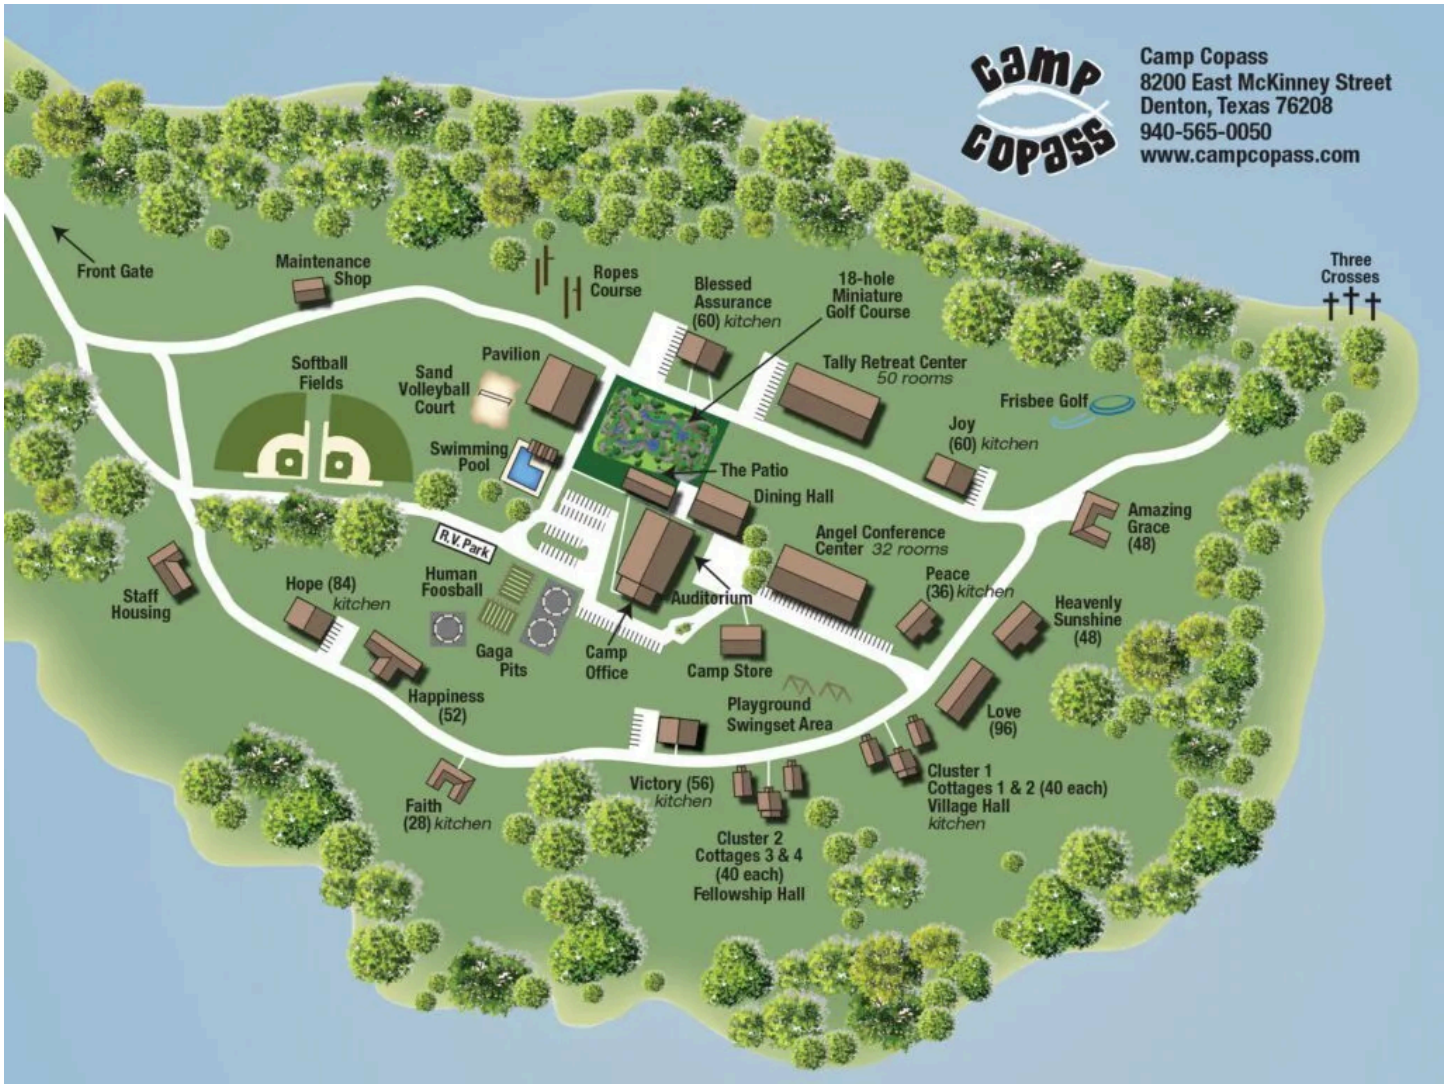

No drugs, alcohol, tobacco, or nicotine products can be used on youth functions regardless of student’s age or applicable laws.

Romantic activity or displays of affection are not allowed at youth functions. Members of the opposite gender should never be alone in a one-on-one setting without others around.

Cussing or inappropriate language will not be tolerated.
