MULTIPLY

Multiplying Leaders. Multiplying Churches. Creating Access

As people who have experienced the transforming power of the Gospel of Jesus, we were never meant to keep it to ourselves. Before ascending into heaven, Jesus left his followers with a commission to go and make disciples of all nations. **(Matthew 28:19)**

The call is to take what we have been given and give it to someone else. The call is to make disciples. **The call is to multiply.**

Through Multiply, one of the three focuses of Access, we invest in leaders and churches so more people can have access to Jesus and His Kingdom.

PEOPLES CHURCH NETWORK

That call to multiply is why we launched **Peoples Church Network**, a church planting network with the vision to see racially reconciling and generationally rich local churches thriving in cities and neighborhoods around the world.

Today, **10 churches** are a part of Peoples Church Network. Each church is rooted in its own community and looks different because its context is different.

Some meet people right where they are, others gather in traditional church spaces, and some gather in homes. They worship in different languages, cultures, cities, and nations, but together, we share a vision to see racially reconciling and generationally rich churches thriving around the world.
