# DISCIPLE-MAKING COLLECTIVE

## The Four Ps of Missional Alignment

**Alignment with the Disciple-Making Collective is a shared commitment to walk together, grow together, and put Jesus' pattern of disciple-making into practice where we live, learn, work, and play. It is a co-laboring community of catalytic leaders committed to the Great Commission.**

ALIGNMENT 01

### Partnership

**We co-labor as a relational family.** We honor each leader's calling, pursue unity in the Body of Christ, and share encouragement, coaching, and support. Partnership means choosing trust, mutual contribution, and mission together rather than working in isolation.

ALIGNMENT 02

### Participation

**We actively engage, not simply identify.** We pray, gather, learn, share stories, receive training, and contribute our gifts and resources. Participation keeps the Collective a living community where leaders are known, equipped, encouraged, and mobilized for the mission of Jesus.

ALIGNMENT 03

### Principles

**We hold a shared biblical compass.** We are grounded in Scripture, empowered by the Holy Spirit, committed to godly character, and submitted to radical obedience. We follow the Jesus pattern of making disciples, pursue multiplication rather than addition, and steward people and resources for the Kingdom of God.

ALIGNMENT 04

### Praxis

**We turn conviction into repeatable practice.** We engage in spiritual conversations, make disciples who make disciples, and develop leaders through a identify-model-assist-coach-send rhythm (iMACS). Using simple, reproducible tools, we multiply transformational communities in everyday places among everyday people.

## OUR SHARED TARGET

**To multiply transformational communities of Jesus followers by catalyzing missional leaders to follow the disciple-making pattern of Jesus and commit to radical obedience to the Great Commission.**
