# The Mess We Created

## Sermon Discussion Questions

1) How are you approaching Christmas this year? What words would you use to describe your attitude about this season right now?
2) Do you understand yourself to be a sinner in need of redemption? How does your need affect your response to the Incarnation?
3) Does the gift of salvation affect your understanding of God's love for you? When you consider the cost of sending His son to save us, can you see both His value and yours in a different light?
