

At Operation Rebirth, we understand that enrolling your son is not a decision made lightly. It often follows countless prayers, tough conversations, and the courageous acknowledgment that a new approach is needed. Parents come to us not just seeking behavioral change, but lasting heart change, healing, and hope.

Our Academy offers a Christ-centered environment where young men receive the structure, accountability, encouragement, and love needed to rediscover their God-given identity and purpose. Through academic excellence, biblical teaching, practical hands-on learning, and consistent mentorship, we walk alongside each student - and their family - on the journey toward lasting transformation.
