Camera Operator Role Description

Role Overview

The Camera Operator plays a key role in capturing visuals that enhance both the in-person and online services. By operating a camera with focus and intentionality, this role supports our mission to create an atmosphere where people can engage with Jesus and respond to Him.

Gather on Sundays to connect to Jesus

Serve on the Crew to reflect the Person of Jesus

Grow outside of Sundays to better know the Person of Jesus

Key Responsibilities:

- **Capture Visuals:** Operate a camera to provide high-quality, intentional shots that align with the direction of the Video Director and overall service flow.
- **Follow Direction:** Respond promptly to instructions from the Video Director to ensure smooth transitions and dynamic coverage.
- **Focus on Excellence:** Frame, focus, and adjust camera shots to produce clear, visually engaging content that supports worship, speaking, and other service elements.
- **Stay Engaged:** Remain attentive to the service flow, anticipating upcoming transitions or key moments to ensure nothing is missed.
- **Maintain Equipment:** Handle cameras and related equipment with care, reporting any issues or concerns to the Production Lead.

What We Value:

- **Presence-Driven Focus:** Visuals should support an atmosphere where people can focus on Jesus and engage in worship without distraction.
- **Excellence:** We honor God and serve others by delivering high-quality, consistent visuals.
- **Teamwork:** We work together as one team, following the lead of the Video Director to produce a seamless worship experience.
- **Intentionality:** Every shot has purpose, helping connect people to the moment and to the message being shared.

Expectations:

- Arrive on time for scheduled services and rehearsals, ready to learn and serve.
- Follow the Video Director’s instructions closely and adjust shots as directed.
- Stay engaged and alert for the duration of the service to capture all key moments.
- Treat equipment with respect and care, ensuring cameras and gear are handled properly.
- Commit to continual improvement, learning techniques to enhance camera operation and shot quality.

By intentionally capturing visuals that support the service, the Camera Operator helps create a seamless experience that draws people’s attention to Jesus, both in the room and online.
