

PEOPLE FAR FROM GOD

II Corinthians 5:20-21 Therefore, we are ambassadors for Christ, God making His appeal through us. We implore you on behalf of Christ, be reconciled to God. For our sake he made him to be sin who knew no sin, so that in him we might become the righteousness of God

During this season of prayer, pray for those who are far from God that he has burdened your heart for and pray for their salvation and how God would use you in the process.

- **Pray for our nation.** Pray for our local communities, our elected officials, our armed forces, and our law enforcement/ first responders. Pray for wisdom for our country's leadership and that as a nation we would seek to do the Lord's will both globally as a nation and as individuals.

HEALTH AND MEMBER NEEDS

James 5:16-18 *Therefore, confess your sins to one another and pray for one another, that you may be healed. The prayer of a righteous person has great power as it is working. Elijah was a man with a nature like ours, and he prayed fervently that it might not rain, and for 3 years and 6 months it did not rain on the earth. Then he prayed again, and heaven gave rain, and the earth bore its fruit*

During this season of prayer, pray for those who are sick and in need of healing

- **Lee Kistner** - is back on chemo for one month, then his doctor will determine if he needs more of this medicine or have to move on to the next stage. Please keep Nicole and the kids in prayer as they fight for Lee.
- **Layne Williams** - continues to recover from a recent fall and surgery. She has an ENT appointment on Thursday to discuss her deviated septum.
- **Shirley Card** - has been suffering from sciatica pain for some time now. Injections have not helped, and possible surgery is now being considered.
- **Nancy McLaurin** - close friend and former pastor Rob Finch was diagnosed with prostate cancer that has already spread to his spine and bones. Please pray for healing and for strength for Rob, Teena and the family as he starts treatment to stop further spreading.
- **Heather Vroman** - mother Debbie was admitted to Cayuga Medical for pneumonia and possible sepsis. Debbie is home now, and on antibiotics. She recently completed cancer treatments which make anything like pneumonia more complicated.
- **John & Michelle Richards** - son Zachary fell down steep steps in their home and hit his head on the way down. He was taken to Corning ER out of caution where they did a CT scan. Results were concerning, so he was taken by ambulance to Rochester, where they found he has a concussion. Praise that it was not worse than that! He has returned home.
- **Michelle Foreman** - suffered a concussion and whiplash from their recent auto accident. Pray for Michelle's pain and that the concussion leaves no lasting effects for her. Doug & Michelle had a doctor visit today to learn more. Pray for wisdom as they navigate the Insurance process.
- **Gordy Evans** - has been having trouble with his memory the last several months, and has had several doctor visits and PET Scans to see what is wrong. His latest scan showed that he has lesions on his brain and he is also experiencing early signs of dementia. His neurologist mentioned to him brain surgery to remove the lesions, or to try medication to reduce them. He has opted for the medication. They will do another PET Scan after 90 days to see if the lesions have improved and go from there. He sleeps quite often during the day and Amy does her best to keep him calm and not get too stressed out, or far from home without her. He has accepted this diagnosis and says when the Lord is ready for him, he's ready to go home! This is once again a journey that they didn't think they would have to take on so soon. Please pray for Gordy and his doctors that they will make the best decisions for him and for Amy as she processes this and they go through this new phase of life.
- **Michael Wright** - formerly Ryan Shaw - former foster child to Paul and Pat Ostrander, had a seizure recently that left him partially paralyzed. Pray for physical healing and spiritual strength.
