

LIFE GROUP QUESTIONS 4-12-26

CONNECT

The Apostle Paul wanted the Thessalonians to abound in love more and more. That being said, where is God currently stretching you to grow in love, especially when it's inconvenient or uncomfortable?

GROW

- What stood out to you most about the service, text or message and why?
- Are there people you tend to 'pass by' instead of love? What makes it hard to engage them?
- What does 'real, active love' look like in our everyday lives, not just in church but at home, work, or with difficult people?
- What would it look like for you to live a more quiet, steady life, and what tends to pull you away from that?
- Where are you most tempted to get involved in things that aren't really yours to worry about and how can you practice focusing on what God has actually given you?

MULTIPLY

What's one specific way you can intentionally show brotherly love to someone and how could your Life Group help to act on that this week?
