|  |                    | <p>&gt; The number of people looking for books and Bibles has been increasing. This is a good problem to have. While I don't know what God plans to do, we pray this is the noticable rise in water level that happens before a flash flood of belief among the people. Here are a few indicators we see: An increased number of workers have been moving here, and Papa is sending many to various towns and clities in the country. There has been an increase in the number of new followers of Jesus. More Muslims are showing interest in the Bible that we have seen the last 20 years.</p> <p>&gt; Pray for "Peter". I wrote about him in the update letter, but pray that he would read the New Testament I gave him.</p> <p>&gt; An electric company employee is trying to get the bookstore to pay him a bribe. Ask Papa to protect us as we refuse to pay.</p> <p><b><u>Mission Team Liaison</u></b> : Dwight Johnson - dwightj@me.com</p> |

|  |                    | <p>&gt; Please pray for Jacob Bear Church that it would grow and Natives would come back to church. They have a new pastor and some Natives have a hard time with change.</p> <p>&gt; Cory Alexson, a Councilor on the Rez is a strong Christian, but another councilor hates Christians and persecutes him and challenges him continually. Pray Cory grows deeper in his faith and stands strong and for the other man to come to know Jesus.</p> <p>&gt; Lillian, a dear friend, lost her husband of probably 50 years, she knows Jesus but mixes her faith with Native beliefs. Pray she comes to deep true faith and peace in her grieving.</p> <p><b><u>Mission Team Liaison</u></b> : Harmoni Headings - harmonikheadings511@gmail.com</p> |

| First Image<br><a href="http://first-image.org">first-image.org</a>                | <b>Pray for...</b> | First Image has been working to live out God's heart to renew his image in the lives of those that have been impacted by sexual brokenness and abortion for over 30 years. They believe that God's people are at their best when they respond with compassion toward those who are vulnerable, voiceless, or mislead. God has called them to serve unsupported women in our city facing unplanned pregnancies, the children they carry, students who are in desperate need of transformation in their relationships and sexuality, and men and women burdened by the pain of past abortion.                                                                                                                                                                                                                                                                                                                                                                                                                         |
