CARE MINISTRY

Furniture & More

Since August of 2022, God has provided, through the Care Ministry, assistance for so many in need of furniture, appliances and so much more. Each time a need presented itself, God filled that need and continues to do so. We celebrate our first year that started from the back of one small pickup truck and now has grown to the opening of the Open Hand Thrift Furniture and More Store located in building 4. It's been awe inspiring to watch God work through us to bring blessings to those in need. Like all the incredible Ministries of SonRise... **We Need Help**...those who volunteer their hearts and time are the hands and feet of God. Our needs vary from **Sales Staff** to help during open hours. **Pick Up Staff** to help pick up furniture donations and **Set Up Staff** who organize the furniture store. The hours for Sales Staff would be Wednesday through Saturday 10 AM to 2 PM.

Pick Ups are much more fluid and can happen throughout the week. **The Minute Men** were started for this very purpose and so much more.

The Minute Men are a group of people who when a need arises are called to action. Those needs have varied from helping pick up furniture, move items to a storage facility for a disabled person and the list goes on. We use the GroupMe app as a means of communication. The important aspect is that there is no pressure to assist. Every call that goes out is an opportunity to help.
