

Humans do two things that make us unique from any other animals. We use tools and we tell stories. And when you make something, you're doing both at once.

-Adam Savage

.....
Open Space Hours

*Tuesdays 3-6
Saturdays 10-12*

Open Space Hours are a great chance to come explore what we have to offer. Grab a Library Program Guide for times and for details about upcoming special events and programs in the Space!

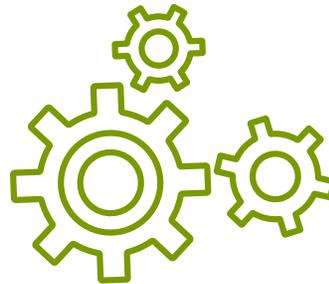

If you have a project for which you would like assistance or advice, or if you would like to use the Space or equipment outside of Open Space Hours, you can book an appointment by calling the library or emailing our makerspace manager at jmcmakerspace@gmail.com.

LOCATION & HOURS

The makerspace is located on the second floor near the Technology Desk at the Main Library.

Main Library
433 East Lafayette St.
Jackson, TN 38301

Check our library calendar for dates of specific programs, as well as hours of availability. Contact a member of our tech staff with any questions.

Makerspace Guide

Jackson-Madison County Library
Opening Doors

What is a Makerspace ?

It's in the name! It's a space set up specifically for making. Making what exactly? That's up to you.

Make art. Make music. Make a prototype for your business.

Make a scarf, a video game, a birthday card, a robot. Make a mess. Make mistakes! Make your ideas come to life.

Our makerspace is the perfect place to experiment and explore, collaborate and share, feed your curiosity and discover new ways of doing things. Whatever you dream up, we can connect you with the tools you need to make it happen.

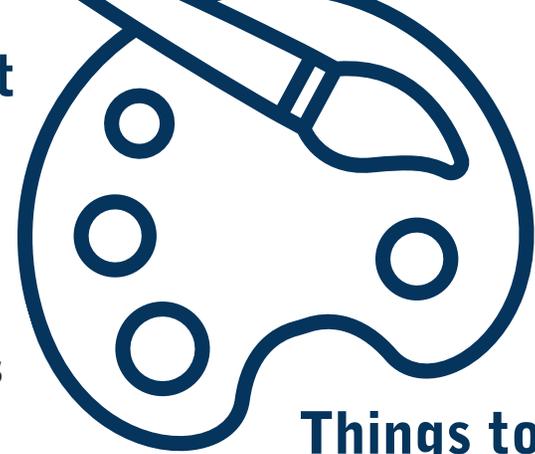

So...

What will you make?

Available Equipment

- 3D Filament Printers
- Raspberry Pi Kits
- Makey Makey Controllers
- Circuit Building Kits
- Programmable Robots
- Virtual Reality Headsets
- 3D Printing Pens
- Digital Drawing Tablets
- Audio & Video Recording Equipment
- Vinyl Cutter & Heat Press
- Button Maker
- Fiber Arts Tools & Supplies
- Arts and Crafts Supplies

Things to Know

- Users 12 and under must be accompanied by an adult at all times. Some areas of the Space may be off limits to children 7 and under.
- There is a first-come, first-served policy when it comes to utilizing tools and equipment during Open Space Hours.
- Some equipment requires orientation prior to first use. Appointments for orientation can be made on our website or by giving us a call.
- Unfinished projects can't be stored in the Space without prior approval. Computers do not store projects so please remember to bring your own storage devices, if needed.

Cost of Materials

3D printing- \$0.10 per gram of filament
Button making- first 10 buttons are free, \$0.25 for each additional button
Vinyl cutting- \$1.00 per square foot of vinyl

Some arts and crafts materials are available for patrons, but staff may set limits on usage as necessary.

All users of the Makerspace are expected to follow the library code of behavior. A complete copy of the Makerspace policy and guidelines, as well as procedures for equipment usage, are located in the Makerspace area or at www.jmclibrary.org.
