PRESIDENT'S CORNER

A message from our President

Ready... Set... KICKOFF!

We're not even waiting for September to get the fun started! First up was our Trinkets & Treasures Rummage Sale with our new date, August 7 & 8. Because one person's "Where did I get this?" is another person's "I've been looking for this forever!" And what a success it was!! A BIG thank you to all the volunteers (Boy Scouts, husbands, friends and our wonderful UWF ladies – not to mention the leadership of The Three Amigos). The total collected for our missions was over 7,000!!!

Ready... Set... KICKOFF! Summer has been fun, but it's time to get the UWF party started! Join us on Tuesday, September 8, 2026 at 6:00 pm, as we kick off another fantastic year of United Women in Faith. Our speaker will be from Teter Organic Farms.

We've missed your smiling faces, your laughter, and yes... even the friendly debates over who brought the best dessert! Come enjoy an evening filled with delicious foods, fun, fellowship, and a few surprises as we unveil everything we have planned for the year ahead. Details to come and volunteers needed.

And what a year it will be! We'll get creative with our Arts and Crafts Marketplace Fundraiser in November (we all ready have 30 confirmed vendors), get into the spirit with our Holiday Celebration, go a little nuts with our Pecan Sale, and sweeten up February with our Dessert Extravaganza Bake Sale. Whew – and that's just the beginning!

Whether you've been with UWF for years or you're wondering what all the fun is about, there's a place for you! Bring a friend, bring your sense of humor, your favorite cookie recipe, and come ready to laugh, reconnect, and be inspired.

So circle **Tuesday, September 8, 2026 at 6:00pm** on your calendar and get ready for another year of faith, friendship, food, fun, fundraising – and maybe a pecan or two!

UWF is back, and we're ready for a great year!

With gratitude,

Staff Mabe

FALL KICKOFF MEETING - 1 MEETING AT 6 PM

HARVEST BLESSINGS: AN EVENING OF GRATITUDE, COMMUNITY, AND COMPASSION

As autumn arrives and we reflect on God's abundant blessings, we invite you to join us for a special evening focused on gratitude, generosity, and the important work of addressing hunger in our own community.

Our featured guest will be **Katy Rogers**, Executive Director of **Teter Organic Farm** in Noblesville. Owned by Noblesville Methodist Church, Teter Organic Farm is much more than a farm. Through its organic food production, community-supported agriculture program, educational initiatives, and partnerships throughout Hamilton County, Teter is making a remarkable difference in the fight against food insecurity.

Many of us assume that hunger is not a concern in a county as prosperous as Hamilton County. Unfortunately, the reality is quite different. Rising grocery costs and increasing financial pressures have left many local families struggling to put food on the table. Food insecurity is a growing challenge, even in our own neighborhoods.

The evening's theme, **Harvest Blessings**, will provide an opportunity to reflect on the abundance we have received and how we can share those blessings with others. As part of the event, each table will feature an empty tray or basket as a centerpiece. Please bring canned goods and other nonperishable food items that will then be donated to a local food pantry.

We have always said that it takes a village to put on this event. This is never more evident than this year. Faced with the unknown of what a change in dates would do, the congregation came together to make this a successful fundraising event. A **big thank you to the devoted ladies of UWF** who came day after day to sort through all your lovely donations, price and stage the garage Sale. (You know who you are). Special thanks to **Beccie Galloway** and **Cathy Wilkinson** the book nook beauties plus **Jackie Mock** and **Connie Southard** the jewelry queens. A shout out of thanks to **UMM** and **Scouting America Troop #120** who helped set up and clean up. Thanks to all who stepped up and filled up their vehicles to haul the leftovers away when Home Depot cancelled our box truck reservation just before pickup. As of the deposit on 8/10/26, we will have surpassed last year's total. **We made over \$7000!** Definitely a **successful** event.

UNITED WOMEN OF FAITH READING PROGRAM

It's not too late to be a part of the United Women of Faith Reading Program here at St. Mark's. This program is designed to help women of faith to achieve five key goals: lean into our spiritual growth, strengthen our leadership skills, equip ourselves for local and global mission, take faithful action for the common good, and build community in ways large and small.

The National Reading Program discussion group will meet on **October 26** for the last discussion of the 2026 year. We will be sharing books from the Spiritual Growth area.

The St. Mark's library has several books in this category on the library's rolling shelf. Some are: *What is God Like?* by Matthew Turner, *We Go On: Finding Purpose in All of Life's Sorrows and Joys* by John Onwuchikwa, and *Women of the Bible Speak: The Wisdom of 16 Women and their Lessons for Today* by Shannon Bream. You may also find some selections from this category at your local library. Contact Kathy for a complete list. Participants read a book from this category but not necessarily the same book. Select one that appeals to you.

Romans 1:11-12

The apostle, Paul, writes to the Christians in Rome with a desire to encourage them and yet it is also noteworthy that their faith serves to inspire and strengthen him as well. As we begin a new UWF season, may we be mindful that our presence and participation not only fulfills our desire to grow and serve in meaningful ways but also helps spark the spirit of growth and giving in others.

There are even a few bags made to be shared with men. Your thoughtful gift items, the individually wrapped granola bars, the cookies, and candies, plus packets of hot coco have always been a treat. Lip balm, small containers of lotion, Kleenex packets, any and all donated items will be used and greatly appreciated. Craft supplies to prepare the bags, ribbons, floral arrangements, tissues paper, blank cards, thinking of you & encouragement cards, buttons, paper doilies, any item you can think of will be used and put into a created bag. On Tuesday August 25, Shari Hinrichsen hosted a new member gathering at her house. Five new members joined us to learn more about United Women in Faith and what the organization has to offer. We enjoyed lively and meaningful discussions, and it was wonderful to hear that all five are interested in becoming actively involved in UWF. We also enjoyed a fun evening of fellowship over appetizers and desserts. We look forward to welcoming these women as part of our UWF family!

"Wesleyan Vile-tality: Reclaiming the Heart of Methodist Identity" by Ashley Boggan (speaker at Assembly)

Wesleyan Vile-tality invites us to rediscover the bold roots of Methodism. Drawing on John Wesley's willingness to "submit to be more vile" in order to share God's love beyond traditional boundaries, Ashley Boggan explores how early Methodists became known as rule-benders, rabble-rousers, and people who welcomed those pushed aside. Through engaging stories from Methodist history, the book challenges us to consider what may have been lost as the church pursued respectability—and what it might mean to reclaim some of that original "vile-tality" today.

Daily Prayer Guide 2026 – Wayfinders Together

The world changes. Today we as individuals, families, and communities face new challenges from nature, culture, politics, science, and technology. How do we find our way? We do it together! This is a powerful truth for people of faith in the church.

The Bible is filled with creative wayfinding and wayfinders. Many stories in the Hebrew Bible recount the pilgrimages of the Israelites and their adaption to geopolitical change. The New Testament is a drama of new faith movement, centered on a Galilean preacher, positioning itself to both change the world and equip itself to cope with change. Collaboration is a strong biblical motif.

The 2020s are days of considerable worldwide change for church communities. Issues arising from the digital age challenge long-held patterns of religious practice: erratic national and international political behavior complicates the alleviation of entrenched global economic and health crises. Justice and mercy are sacrificed on the altars of greed, racism, and narrow ideologies.

The 2026 Daily Prayer Guide features accounts and photos that illustrate spiritual and social wayfinding in such a time as this. The church teaches that new ways are possible in faithfulness to God’s love. This requires dependence on God’s Word as a guide, openness to the Holy Spirit, and an irrepressible hope in Jesus Christ.

“Hopeful” is the one character who stays with “Christian” all the way home to the Celestial City in Paul Bunyan’s classical wayfinder’s epic, *The Pilgrim’s Progress*. “Hopeful” represents reassurance in the constancy of God’s grace, a love that withstands all assaults. When “Christian” encounters despair and doubt, “Hopeful” offers encouragement: “Be of good cheer, Christ makes thee whole,” he offers.

“Christian” and “Hopeful” are wayfinders together. Today, when so much is changing, we work together to affirm new opportunities for ministry amid the change. We collaborate in determining what to accept or to reject and protest from the world’s menu of ethical variables. Our standard is to cling to the loving and caring example of Jesus as we travel toward a saner, more compassionate world.

Christ Jesus keep us on your way as we together find our way.

SOCIAL ACTION CLIMATE JUSTICE UPDATES

United Women in Faith supports partners who provide direct services to women, children, youth, and families in neighborhoods across the United States. Internationally, we partner with organizations that empower women, children, and youth through education and economic development. We advocate for a more just world — improving life for women, children, and youth everywhere through two focus areas: Climate Justice and Racial Justice.

Creation Justice Movement September Tips

In addition to the UWFaith signature campaign information, [Just Energy 4 All \(JE4A\)](#), The United Methodist Creation Justice Movement provides monthly emails with tips as a tool to equip church members, families, and individuals to respond to God's call to care for creation and do justice with our neighbors. Below are the September 2026 Tips. To sign up for these monthly tips or for more information on UM Creation Justice Movement, go to umcreationjustice.org.

- Plan a congregational art show. Invite all ages to contribute the ways they see God's creation through their photography, painting, poetry, or crafts from natural sources. Let the show speak for care for Earth and for justice and restoration to repair the harm people and planet experience.
- September is prime time to plant trees. Choose sites at your home or church. Work with volunteers to get the trees planted. Talk about the project and why trees are important. Find out if your local government has canopy goals and identify locations that can be planted.
- September and October are peak migration season for many birds. Help the birds out by minimizing outdoor flood lights and seasonal light displays.
- Go scraggly. Even just a month of refraining from mowing will reduce erosion and runoff in your yard while replenishing our groundwater supply, which helps keep streams alive during drought periods. Tell your neighbors what you are doing and why. Invite them to ignore the chore too.
- Don't discount the "small" things you can do. Commit to picking up at least 3 pieces of litter a day and in a year you will have disposed of more than 1,000! Invite your children to participate in the challenge too. You'll be teaching the next generation by showing that you care.
- Rescue school uniforms from going to the landfill. Organize friends or a whole school to have a uniform swap periodically. Tout the benefits of the savings for families and for Earth.
- Use the air—it's free! Open your dishwasher instead of drawing energy to dry the dishes. Hang dry your laundry or a portion of a load to shorten the cycle at least occasionally. Let your hair dry naturally instead of using a blow dryer.
- Advocate for clean air. Particulates from industrial plants, smoke from wildfires, heat-trapping carbon dioxide and methane from uncapped, no-longer used oil wells and from landfills—all need people to speak up against the practices that fill the air we breathe with danger.
- In the indigenous Lakota tradition, consider plants, animals, and the environment in a relational way rather than as objects in our environment to be owned or used. How would our thinking and actions change if we thought of our environment as something we are in a relationship with?
- Green space is critical infrastructure. And like all infrastructure, access to it isn't equally distributed. Lower-income neighborhoods consistently have less tree canopy, hotter temperatures, and worse health outcomes. Restoring forests, urban and otherwise, is one of the most accessible public-private acts of justice. Speak up for your neighbors.

Funding Opportunity - Interrupt the School-to-Prison Pipeline Campaign

Do you know a local organization working to interrupt the school-to-prison pipeline, stop the criminalization of communities of color, and/or end mass incarceration? The Office of Racial Justice invites United Women in Faith groups at any level to apply for funding to support their local work. Projects should have a clear goal connected to interrupting the school-to-prison pipeline, stopping the criminalization of communities of color, and/or ending mass incarceration. Goals may be at any level, from changing the practice of an individual school to shifting federal juvenile justice policy. Project goals should demonstrate a healthy mix of ambition and realism. Your project should include the voices of directly impacted people in the leadership and/or decision-making process. Depending on your specific context, this may include students at risk of pushout, currently or formerly incarcerated people, or others.

Looking for more information about social action opportunities or have one to share, please reach out to the UWF Board.
