

Check-in

Time: You can begin checking in as early as 3:00pm. Some rooms may be ready by then, but they are not guaranteed to be ready until 4:00pm.

Where: Each guest will be required to check in with the hotel at the front desk. A credit card will be required on file for incidentals, valet, and room service if you choose to use those amenities that have costs. Only one person in each room will need to do this.

I am here, now what: Once you have checked-in with the hotel, you will need to check in with your Group Leader to get your name badge and gift! After you have done this, you can check out the property, utilize the amenities, hang out with all the other beautiful ladies, and then join us for dinner!

For any other questions regarding check-in contact brittany@onelife.tv
