Zechariah 9:9-17

1. Read through Zechariah 9:1-8 and summarize what is being stated concerning Israel's enemies. Is there judgment upon them or hope for them? Or both? Explain your answer.
2. Verse 9 contains the language of celebration and victory. Why do you think this language shows up at this point in chapter 9?
3. The latter half of verse 9 describes a future king. How is he characterized? How does this ruler compare to the rulers of our time?
4. How would you summarize 9:1-17? Read through it carefully and do your best to divide it into sections. Write one main idea for each section and discuss the ideas you come up with as a group.
5. Based on what you have gleaned from the passage so far, how do the truths present in it stir joy and comfort in the heart of the believer?
