

NEIGHBORHOOD ROCKY WALKS

Bless your neighbors by creating some rock art. Once the rock art is finished, enjoy a walk around the neighborhood placing your rocks where they would make your neighbors smile. A sidewalk, a rock grouping, mailboxes, a neighbor's yard...bring your neighbors some joy!

This activity can be as simple as adding googly eyes to a painted rock with toddlers, but could be as complex as using your own paint or sharpies and getting super creative.

What you need:

- Collect some rocks or purchase them at a local store. River rocks work best, because they come larger and give you more space to work with. You could even buy a rock painting kit at Michaels, Hobby Lobby or online at Amazon.
- Use acrylic paint with brushes or acrylic paint pens.
- Add sayings, stickers, googly eyes, or anything your imagination can dream up. Need more ideas? A Google search for 'painted rock ideas' will help you out!
