

2026-27
Class Catalog

HOLA!

Foundation Biblical Worldview

This series lays the foundation for seeking truth in all aspects of life, with the goal of helping students see that everything we find in the world around us aligns with the worldview presented in Scripture.

Will use various resources including below – no separate cost

[Biblical Worldview Curriculum | Foundation Worldview](#)

STEM and Hands On Science

Students will explore and build on science, technology, engineering, and math fundamentals that encourage problem solving skills and real-world applications. This class will also engage students in hands on science experiments while applying the scientific method and vocabulary terms.

Dad Classes

Dads get the opportunity to teach a skill of their choice and pour into our students. Whether it be changing a tire, how to properly hang a frame, warming up for a workout, etc. the choices are endless but meaningful!

Field Trips

We always have opportunities to connect outside of Co-Op days. Learning often happens outside the classroom!

Urban Air Partnership

Our students have access to the park on Fridays from 12:30-2:30 pm for \$65 / student per month. Students enjoy playtime and gaming while parents enjoy fellowship or take advantage of errands and personal time. Billing and payment is paid separately to Urban Air.
