Seven Years of serving in Japan

We are at the end of the semester for the spring. Five of our students are graduating, three Americans and two Japanese. Some of our remaining students will continue their studies in the next semester. Please pray for these students, as they felt a calling to stay and minister. Some of the graduating students felt called to stay and minister in a later season.

I am compiling the schedules for leading the upcoming SOSJapan (Summer of Service), and it looks to be a jam packed ministry, full of serving, evangelism, and adventure. We have a great number of youth coming in, and we are all looking forward to seeing and serving with them.

We recently went on a small Tokyo trip for a conference and Golden Week. While we were there, Emi and I also had the chance to speak with her family. They were thrilled to see me again, and they were joyful about our coming wedding. I received

her father's blessing for our wedding. Despite our language barriers, we were all blessed in this union.

I am grateful for those who continue to support and pray over the ministry in Japan, reaching out to the people here, as well as raising up young aspiring believers in the Word. If you wish to give further support, here is the updated link for the GoinChrist Outreach page: <https://goinchrist.com/missionaries/entry/24543/>

As we wrap up May, we will be busy in June, with the different ministries. I look forward to serving in the summer, minus the heat.

Prayer Requests

- Prayers for the SOS Japan. It is next month, and I pray to have the heart and compassion for these kids coming in, and that the kids would have the heart to serve the church with a missionary heart.
- Prayers for Emi and I as we continue to prepare for our wedding. We are looking at the winter of next year, and while there is still time away, we pray for God to continue to lead us and guide in our upcoming plans.
- Prayers for God's direction and financial wisdom. There are some things I am looking ahead in, and while God is faithful to provide for what I need, I want to be wise in what I will invest in.
- Prayers for the coming summer. I am not too fond of the summer heat, due to potential sweat damage to my hearing aids. I pray that God will keep my hearing aids dry and safe
- Prayer for one of our previous CBI students. He is suffering through pneumonia, and the doctors are trying to figure out his conditions. I pray that it will not grow into something deadly.
