Seven Years of serving in Japan

Hello, again. We are in the month of September.

The CBI Program is progressing. The students commented that they felt like the time has been moving absurdly fast, of which Emi and I agree. It remains to be warm and humid, and such weather is the bane of my hearing aids, creating problems with the electronics.

Emi has been a blessing for my disability needs. She opened my eyes to what I can receive for as compensation for my hearing loss, such as discounts for flights, movies, and apparently repair costs. I could even get a tax break for the next year.

Our preparations for our wedding are ongoing. The Venue is already set, and we went shopping for fabric, suits, and decor. Soon, we will start looking for an apartment, and hopefully I will move in by November (Emi moving in after we marry).

The beginning of the month was a rollercoaster for me. I purchased a new car for Emi to drive, and almost immediately, my own car's radiator blew out. The repair cost was pricey, but thankfully, it was manageable. After about two weeks, I finally got my car back. Emi and I are thankful for God's timely provision, and we continue to work for His glory.

Gospel Gamers ministry received upgrades into the Switch 2. Now, the kids enjoy several multiplayer games at better speed and with better graphics, as well as play some newly released games. With one of our leaders soon to be departing to America, Pastor Eder has given us templates and training to take over on teaching and picking themes of the month. I am in charge of the character study of the Prophet Jeremiah, while another is in charge of the Prophet Isaiah.

The Bible college students are enjoying their time in Okinawa, and they are soon going to Tokyo for the Silver Week (there were three to four holidays in that week). The rest of us will stay in Okinawa and watch over the church. Emi will visit her family in Yokohama/West of Tokyo area in the following week.

I was blessed to mentor one of the students as part of the mentorship program. My mentee is Ezra, whom I knew for quite a while, as he had been visiting us on mission trips each year for four years. Now, he is able to stay longer and experience the full glory of what God is doing in Japan.

We are going to host many mission teams in the coming weeks and months. The coming week, a team from Idaho. In a few weeks, a team from Great Falls, Montana. Lastly, a smaller team for the Children's Ministry Conference.

I am grateful for those who continue to support and pray over the ministry in Japan, reaching out to the people here, as well as raising up young aspiring believers in the Word. If you wish to give further support, here is the updated link for the GoinChrist Outreach page: <https://goinchrist.com/missionaries/entry/24543/>

## Prayer Requests

Prayer for our continued wedding preparations. We have about four months left before the wedding! I pray that we are prepared well and enjoy our union.

Pray for our apartment search. We are about to start looking for a place to move in, prepare our future home. We pray that it is not anywhere too far.

Pray for CC Higashimatsushima. Pastor Chuck Robb visited to teach for the Block Class, and it was encouraging to hear that the church steadily grows. I pray for the Robb family to be blessed in their endeavors.

Pray for CC Nishihara. We have been supporting them every Sunday to do child care, while they have their evening services. I pray for growth in the church, that will be able to sustain themselves. It is a blessing to go and minister to them.

Pray for many of our expecting families. We have many pregnant mothers; in fact, one will be born in November. Prayers for all of the mothers and their babies.

Prayers over finances. Many unexpected needs came up. My car that needed a replacement. My hearing aid being damaged. Wedding Preparations. Necessities and Blessings. I pray for wisdom over such cases, that I may distribute accordingly. I trust in the Lord's provision, as He has never failed me.
