Continued Opportunities

TGM operates summer camps on the Yukon River, but also has many unique ministry opportunities here in this massive State throughout the rest of the year.

From building projects, Summer camps, winter camps, village tours, Native children's ministry, Native teen ministry, Native elder ministry and Conferences. The majority of these outreaches take place in remote communities during the cold winter months.

Traveling by boat, plane, and on the road system, Alaskan transportation is challenging and breathtaking to experience.

With all the Alaskan ministry TGM is involved in, it is likely we have an outreach that will fit your time frame and team needs.

(Please note: Extra days for personal tourism is not covered by TGM support.)
