# THE ROAD TO INDIANAPOLIS

## NCAA DIVISION I MEN'S BASKETBALL TOURNAMENT ISSUE

Another tournament is here and this looks like one of the more wide open fields that we have ever seen. While we acknowledge that Duke, Michigan, Arizona, Florida, UConn, Houston, Iowa State, Michigan State, Illinois and Virginia are the teams that most seem to be favoring, we could see schools like St John's, Gonzaga, Kansas, Alabama, North Carolina, Purdue, Arkansas, Wisconsin, Louisville, Ohio State, Tennessee, Nebraska, TCU, Clemson, Iowa, Villanova, Wisconsin, BYU, Georgia, Texas Tech, Kentucky or UCLA making a deep run.

Just looking at the four Regions, it looks like Midwest might be the most difficult but the Selection Committee did a good job making all four regionals fairly equal as far as spreading out the teams.

We will go ahead and make our fearless predictions (which are guaranteed to be lame). We absolutely love Duke but we believe that they will be hard pressed to make it to the Final Four. Jon Scheyer has done a great job following Coach K in Durham

and we felt that they under performed last season but Cam Boozer is playing at a high level this season. We have Duke squeaking by Michigan State to make it to the Final Four.

In the South Region, we have the Gators and the Fighting Illini playing for a chance to go to Indianapolis. We're taking Florida.

In the West Region, we are convinced that Arizona is the best team and that they will defeat Purdue to advance.

In the tough Midwest Region, we have two great teams facing each other. We're going to take Michigan to get past the Cyclones.

Our Final Four is Duke, Florida, Arizona and Michigan. We're taking Duke to cut down the nets inside of Lucas Oil Stadium to win the National Championship.

# FINAL FOUR RECORDS

Statistics for the Division I Men's Basketball tournament have been collected since 1939, the first year of the tournament. Individual rebounds were added in 1951, although team rebounds were not added until 1955. Assists were added in 1984. Blocked shots and steals were added in 1986. Scoring, rebounding, assists, blocked shots and steals are ranked on total number and per-game average; shooting, on percentage. In statistical rankings, the rounding of percentages and/or averages may indicate ties where none exists. In these cases, the numerical order of the rankings is accurate. In 1973, freshmen became eligible to compete on the varsity level. A national championship game is indicated by (CH), a national semifinal game by (NSF), a national third-place game by (N3d) and a team's appearance later vacated by the NCAA/Committee on Infractions (\*).
