## One In A Million

The chances of that happening are one in a million. That's our way of saying that it will never happen.

Yet...

J. E. Littlewood, a mathematician at Cambridge University, made an interesting statement in his 1986 book, *Littlewood's Miscellany*. He said the average person is alert for about eight hours every day, and something happens to the average person about once a second. At this rate, you will experience 1 million events every 35 days. This means when you say the chances of something happening are one in a million, it also means about once a month.

Maybe things are more likely than we think.

What are the changes they will want to study the Bible with us? What are the chances they come if invited to church? What are the chances this will make a difference?

In Colossians 4:3-5, Paul asks the church to pray for doors to be opened to spread the Gospel even while he is in prison. Why? What are the chances? But Paul knew the chances were there, that is why he says "Conduct yourselves with wisdom toward outsiders, making the most of the opportunity."

Even a one in a million shot is an opportunity, and maybe a better one than we expect!

## 3 GOOD RULES OF ENGAGEMENT WHEN WE GO TO CHURCH EACH WEEK.

- 1. An alone person in our gathering is an emergency. Go meet them immediately.**
- 2. The first 3 minutes when worship is over, meet people you don't know before greeting your friends.**
- 3. Introduce a newcomer to someone else. Help widen their friendship circle.**

## Marriage Advice from 1886

Let your love be stronger than you hate or anger.

Learn the wisdom of compromise, for it is better to bend a little than to break.

Believe the best rather than the worst.

People have a way of living up or down to your opinions of them.

Remember that true friendship is the basis for any lasting relationship. The person you choose to marry is deserving of the courtesies and kindnesses you bestow on your friends.

Please hand this down to your children and your children's children. The more things change the more they are the same.

Jane Wells 1886

"Marriage doesn't cure lust, if it did adultery wouldn't exist. Self-control is still a requirement. Lust doesn't care if you are married or single. You may be Solomon in wisdom or David in praise or Abraham in faith or Joshua in war but if you are not Joseph in discipline, you will end up like Samson in destruction..."

The most practical thing in the world is common sense and common humanity. Nancy Astor

"Guard Clear Thinking and Common Sense with your life; don't for a minute lose sight of them. They'll keep your soul alive and well, they'll keep you fit and attractive."

Prov. 3:21-22 The Message
