

Annandale Mission Center

Service, Compassion, Respect

Vision

The Annandale Mission Center is a widely recognized and integral part of the diverse and transient Heritage neighborhood, welcoming and supporting those facing economic hardships and strengthening the neighborhood's sense of community. It is a long term, sustainable, volunteer-driven, non-evangelical outreach supported by Annandale United Methodist Church.

Mission Statement

As a community center in one of Fairfax County's most transient and economically at-risk neighborhoods, we strive to:

- Be a welcoming focal point for new arrivals to the area and those experiencing economic hardship,
- Provide and host wrap-around services and resources that empower individuals and families to become more stable and self-sufficient, and
- Help build a sense of community within a diverse and transient neighborhood.

Overall Goals

1. **Lessen food insecurity and other economic instability.** Provide and host programs offering direct support for those experiencing immediate, temporary, and ongoing hardships.
2. **Empower individuals and families.** Provide and host programs that help individuals and families to thrive and strengthen their wellbeing.
3. **Support programs and events that help build community.** Create opportunities for neighbors to connect, participate and develop a stronger sense of belonging.
4. **Continually improve what we do and how we do it.** Seek and use feedback and information from clients, partners, and collaborating organizations about our performance and evolving neighborhood needs.
