

made to be
CURIOUS

Lord, show me your ways. Teach me how to follow you.
Psalm 25:4 (NIRV)

CURIOUS:

excited to explore or
learn something new.

Raccoons are curious! They use their paws to open lids and even pick locks. Then they explore (or eat!) whatever treasures they find.

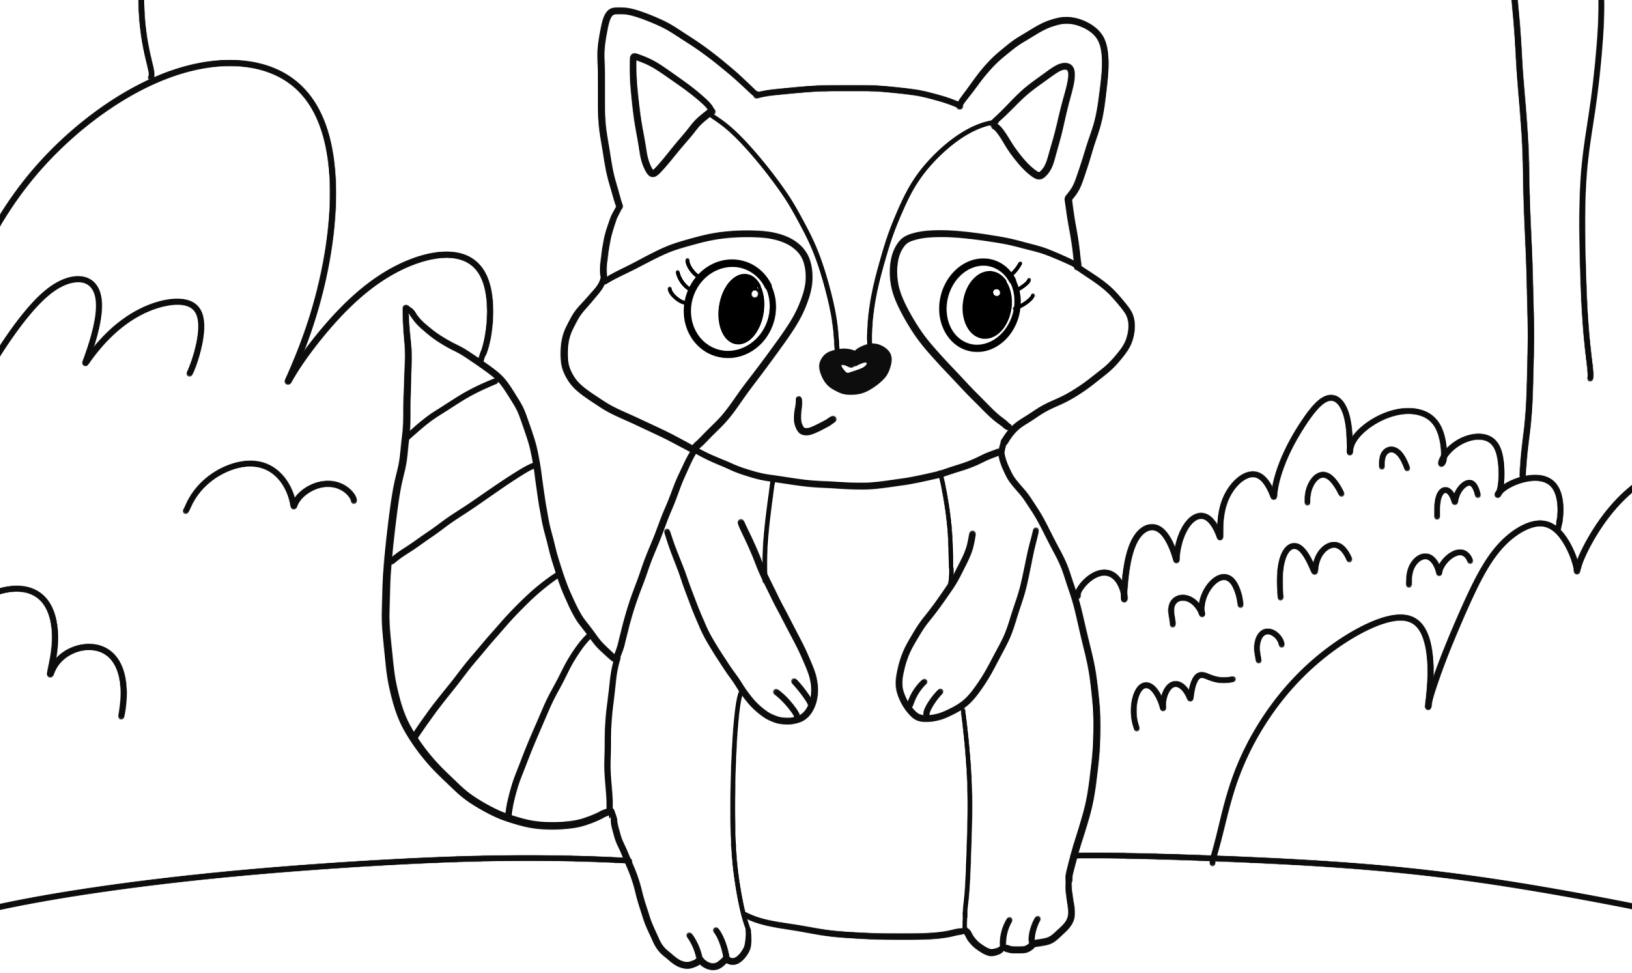

Talk About It: Curiosity can lead us down good paths, like being curious about what God says in the Bible. Other times it can lead us down some not-so-good paths, like if it causes us to disobey our parents. God made us curious for a reason, and He wants us to use our curiosity for good! What is something you're curious about right now?

Go About It: Choose something in God's creation that you're curious to learn more about. Maybe it's a certain kind of animal or insect. Spend time this week being curious—ask questions, get excited, and learn with others!

Dear God,
Help me be curious about who You are
and what You create from a seed to a star.
Amen

Made To Be

CURIOUS

Lord, show me your ways. Teach me how to follow you.
PSALM 25:4 (NIRV)
